Summary

Software engineering Bootcamp student and college graduate with professional experience in developing full-stack applications, who like to learn different technologies while solving challenging problems.

Skills

TECHNICAL SKILLS: Python, Flask, JavaScript, Bootstrap, SQL, React, Redux, Node, PostgreSQL, postgresql, postgresql, Postgresql, postgresql, Postgresql, postgresql

Education

Springboard Software Engineering Career Track 2020 to Current
800+ hours of hands-on course material, with 1:1 industry expert mentor oversight, and completion of 2 in-depth portfolio projects. Mastered skills in front-end web development, back-end web development, databases, and data structures and algorithms.

University of Houston 2012 to 2016
Bachelor of Science Computer Information Systems, 3.5 GPA
Relevant Courses: Enterprise Application Development, Database Administration & Implementation (Oracle), Internet Application Development, Cloud Computing Infrastructure.

Projects

My Droplist June 2020 to July 2020
<http://mydroplist.herokuapp.com/>

- Developed a warehouse worker task and performance tracker web application in Flask Python that utilizes Quickcharts API to generate graphs of tasks performed.
- Help promote transparent communication and teamwork by creating the ability to assign, track, and change the status of tasks using PostgreSQL.
- Wrote unit tests in Python's unittest framework that help eliminate bugs and inconsistencies.
- Utilized CSS and Bootstrap to create responsive web pages that produce a consistent user experience across different viewports.

Programming Experience

Borehole Seismic Houston, TX
Web Developer Intern Feb. 2017 to Feb. 2018

- Collaborated with team members to develop a Ruby on Rails application that improved communication between employees and clients.
- Developed a desktop visualization software in C# .NET that renders oil wells and microseismic events in 3D
- Troubleshoot, improved, and added new features to Ruby on Rails web application that enhanced employee workflow and eliminated data inaccuracies.
- Conferred with management to prioritize needs, resolve conflicts, and determine the best solutions.

Additional Experience

Costco Wholesale · Retail Stock Clerk - Pearland, TX May 2018 to Current

- Manage a high volume workload while maintaining company standards and completing all tasks in a timely and efficient manner.
- Effectively communicate with a team of 7 members to provide a high level of service to customers.
- Strengthen customer confidence by actively listening to their concerns and providing appropriate feedback.
